Mail Scam

There is a new mail scam going around. Be sure to look closely at the mail you receive. If you see foreign postage, please beware and be careful of any action you take. Below is an envelope received by a resident here in Prattville.

Inside the envelope is a [form to complete requesting financial information](#) and a [letter explaining lottery award claim procedures](#). With this information, they can steal the money from your accounts, steal your identity and acquire credit in the form of loans and credit cards.

If you receive something of this nature and have questions, please check with the Prattville Police Department Investigative Division before taking any action. They can be reached at 358-4809.
