Professional Engineer Certification:

By affixing my professional seal and signature on this form, I hereby certify that this stormwater management facility provides the required water quality volume (WQ_v) and is being properly maintained in accordance with the City of Prattville post construction stormwater management requirements dated 21 March 2020. In my professional opinion, the stormwater management facility is functioning as it was designed.

By affixing my professional seal and signature on this form, I hereby certify that this stormwater management facility requires the above described maintenance in order to provide the required water quality volume (WQ_v) and/or to function as it was designed. Upon completion of the required maintenance activities, I shall reinspect the stormwater management facility and provide a supplemental Annual Inspection Form.

Form 4A – Detention Pond Annual Inspection Form

Supplemental Instructions

1. The developer shall retain the services of a professional engineer to:
 - a. Inspect stormwater detention pond(s) to determine:
 - If they are continuing to function as they were originally designed; and,
 - If any maintenance is required.
 - b. Complete Figure 4A – Detention Pond Annual Inspection Form; and,
 - c. Provide ALL required attachments:
 - Photographs
 - Maintenance Summary
2. Form 4A – Detention Pond Annual Inspection Form shall be submitted to the City on an annual basis by 30 September of each year.
3. If maintenance is required to ensure that the stormwater detention pond(s) function as they were originally designed, the developer / owner shall submit an updated Form 4A – Detention Pond Annual Inspection Form when all maintenance activities have been completed.
4. Home Owners Associations (HOAs) must also submit Form 5A – Home Owners Association (HOA) Escrow Account / Maintenance Request Form.
